

In times of crisis, actions speak louder than words.

At Chiesi, we remain steadfast in our belief that businesses have a responsibility to act as a force for good, especially in times of hardship. Guided by our core values and our commitment to *Shared Value & Sustainability*, we are proud to share our ongoing humanitarian support for Ukraine during 2024.

Building on our previous efforts in 2022 and 2023, this year we continued to focus on addressing some of the most pressing health challenges.

In 2024, Chiesi sustained its donation of a rare disease product for the treatment of **alpha-mannosidosis**, ensuring that those who rely on this critical therapy continue to have access to life-saving care.

These efforts represent more than our corporate responsibility, they reflect our unwavering dedication to improving lives and offering hope where it is most needed.

With the continued collaboration of our team and partners, we worked diligently to ensure the timely delivery of this essential medication.

At Chiesi, we are committed to leveraging our expertise and resources for the greater good, standing by those in need during challenging times.
